

Supporting Strength, Independence, and Dignity in Later Life

Ageing Well is an NHS service helping older adults maintain their health, independence, and quality of life. Using personalised care and community-based support, we work alongside individuals and their families to promote wellbeing at every stage of later life.

We focus on what matters to you, and those closest to you, so that we can find the right support to help improve your quality of life.

|-------------------------------------|-------------------------------|
| ✓ Medication Reviews | ✓ Support for Carers |
| ✓ Personalised Care Plans | ✓ Provision of Mobility Aids |
| ✓ Community Group Support | ✓ Benefits Checks |
| ✓ Multi Disciplinary Health Reviews | ✓ Access to Remote Monitoring |

Referrals into Ageing Well

To be referred into the Ageing Well Service, please email us with your name, date of birth, registered GP practice, and a brief summary of your needs. Alternatively, call your GP surgery.

agewell.centre@nhft.nhs.uk

We are not an emergency service. Urgent medical issues needing attention should be directed to your GP Practice.
