

Do you have your bloods taken at your GP Practice?

After the 14th of April 2026 our Pathology requesting and sample taking will be going digital. Your clinician will process your request electronically and therefore you will no longer receive any paper to take away with you. You will then be asked to book your appointment at one of our Phlebotomy Clinics:

Kettering Borough Council

Corby

Nene Park

Isebrook

Kettering General Hospital

What if I am out of the catchment area?

If you happen to be out of the catchment area and do require to have your bloods taken at your GP Surgery, please inform your Clinician, so that they can give you a **Pathology Request Form**.

Unfortunately, your GP does not have access to our clinical system and therefore, will not be able to view an electronic request.

Adult Blood Tests Book Online:

<https://www.kgh.nhs.uk/phlebotomy-department-blood-tests/>

By Phone:

Please telephone ☎ 01536 494411 between 9:30 and 15:00 (Mon-Fri). The phone line may be busy so please be patient with our staff.
